## PROFILE

Web Developer / Full-Stack Web Developer skilled in building responsive, user-friendly interfaces with HTML, CSS, JavaScript, Bootstrap, Tailwind CSS, and React.js. Proficient in PHP and MySQL for developing secure, efficient back-end systems. **Experienced in the MERN stack (MongoDB, Express.js, React.js, Node.js) for developing modern, scalable full-stack applications and RESTful APIs.** Passionate about creating seamless, high-quality solutions that balance performance, design, and functionality.

## EDUCATION

University of Education Lahore

Jauharabad, Khushab Pakistan

**Bachelor of Science** in Computer Science

2022 – 2026

## SKILLS

**Technical:** mySQL, Python, C++, HTML, CSS, JS, PHP ,Reactjs, React Native , Node js ,kotlin(basics), Express js , Mongoddb

**Tools:** vscode , android studio

## CERTIFICATIONS

- Front end Development internship(social swirl)
- Mern Stack Specialization (Packt on Coursera)

## EXPERIENCE

- **Social Swril**

Jauharabad, Khushab Pakistan

Front end Development

Oct 01, 2024– Nov 15 ,2024

- Develop many Web Layouts during internship focus on responsive and user friendly ui .
- I mainly focus on implementation on modern technology tools like reactjs , tailwindcss and bootstrap.
- Written clean and well structured code for better understanding of other developers.

- **24Loops**

Present

Full Stack Developer (MERN Stack)

- Designed and developed a scalable inventory management system using React.js, Node.js, Express.js, and MongoDB (MERN stack) to streamline stock tracking and product management.
- Implemented secure back-end APIs with Node.js and Express.js, ensuring efficient data handling, authentication, and real-time updates for inventory operations.
- Optimized front-end performance by building responsive, user-friendly interfaces with React.js and Tailwind CSS, improving user experience and reducing load times.

## PROJECTS

### Chat Application

(Durration Three Months)

- Chellaging semester project completed within 3 months .
- Use kotlin with firebase to complete this project.
- Smoothly transformation of text , media (images and video ) and documents.
- Simple and user friendly ui.

### Electronic Store , Clothing website , Groceries (UI)

Oct 01 ,2024 – Nov 15, 2024

- Completed Three Project with modern and user friendly Ui .
- Smart navigation and responsive for all screens size.
- Implement modern technology reactjs for dynamic and modernize code structure.
